Selectmen's Meeting

AMBULANCE CHARGE IMPOSED

Mattapoisett Selectmen have adopted an order which will charge residents who require ambulance service \$25.00 per trip plus \$1.00 per mile, a fee which will begin on May 1, 1979. The Board of Selectmen issued a statement which noted that the increased costs of municipal services increases the tax rate of all property owners of the town and that is necessary for them to search for ways and means to cut these costs. By adopting the order for the fee the Selectmen are striving to obtain reimbursement through the many health plans that are available which in turn will enable the town to reduce the cost of operating the ambulance. According to the Board of Selectmen, cities and towns throughout the state have, by this charge, kept the cost of operating their ambulances to a minimum. They hope to make the ambulance service self sufficient.

WATER RATES INCREASED

The Mattapoisett Water Commissioners have informed the Board of Selectmen that

concern since it was interpreted to mean the closing of local hospitals like Tobey. Mr. DeCosta said that Public Law 641, a Federal Health Plan, requires each of the states to have its own health plan. The 70 members of the Massachusetts agency in charge drew up a health plan which required new hospitals to have a minimum of 150 bed capacity and a minimum of 100 beds. Since this language has caused so much concern, the members of the committee assured those present that this terminology would be removed from the Massachusetts hospital plan. A March 20th meeting will finalize the plan and it will be reviewed in one year according to Mr. DeCosta's report. He said that the Board of Selectmen of Wareham requested that area towns have a town meeting vote to make sure that public concern be made a matter of record to assure that Tobey Hospital remains open.

The Selectmen voted to present an article to this effect to the Annual Town Meeting.
POLE HEARING

Selectmen approved a New Bedford Gas and Edison Light Company request for 2 pole locations on Mattapoisett Neck Road. No objectors appeared.

COASTAL STUDY PROPOSED

This group of marine biologists has completed a study of 57 sites along the 50 miles of Bourne shoreline in order to help the shellfish warden know the shellfish count, the best sites for propagation and what locations are not suitable for seeding. She left the results of this study for the Selectmen to study. Mrs. Youngblood said that her group consists of people talented in many areas of plant and marine biology so that any study could be tailored to the need of the community. The Selectmen took the matter under advisement so they can examine the Bourne report and consult with the full Board and talk with

O.R.R. Girls Basketball

On Friday, March 9, the ORR Girls' Basketball team played Martha's Vineyard in the Southeastern Massachusetts Basketball finals. Battling against a tall Vineyard team, the girls finally lost 44-34. Although the Vineyard had two all-state girls playing the Bulldogs put on a fine show. Michelle Moody was high scorer with 18 points and 12 rebounds. The girls are the first team in the history of ORR sports to go this far in state tournament play.

The ORR girls ended their season with a record of 19 wins and 4 losses, and a league championship.

A THANK YOU

On behalf of the American Field Service at Old Rochester High School I would like to publicly thank the local merchants who helped us with donations for our International Dinner. The money raised by the dinner helps us to reach our goal of \$950. which we must raise each year as a membership fee. This cost enables us to send 4 students and receive 4 students.

We thank the Galley, Crust and Crumb Bakery, and Rochester General Store for their donations of rolls; the Sippican Shop and Jimmy's Variety for milk; Spirits, for wine for the coq au vin; the First National Store and the A & P in Wareham, and the Cumberland Farms in Mattapoisett for their generous donations.

A general thank you is extended to everyone who helped us in any way.

Jill Parks, '79

How much have you saved for your retirement?

Very little, if you're like millions of other working Americans who seldom plan beyond their next paycheck. Retirement, it's true, is still a long way off. But once you do retire, your standard of living will depend largely on the plans you make today.

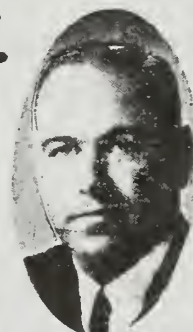

We have a plan for you. . . . a retirement plan that will guarantee you a monthly income for life. This same plan will also give you immediate protection now, while assuring your family a guaranteed cash estate if you should die prematurely. And it fits your budget surprisingly well.

VOLLEYBALL COMES OF AGE

On Sunday, February 25th, the New Bedford YMCA became the site of a huge coed volleyball tournament when fifteen teams from all over Mass. and R. I. competed in the day-long event.

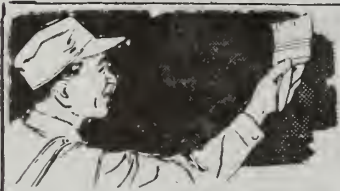

Two teams fielded by the New Bedford "Y" made it to the semi-finals but were eliminated in 2 hard fought battles by Framingham and Cambridge. Framingham went on to win the tournament.

Refereeing and judging was provided by the teams who were not playing at the time.

We would like to thank the Leaders' Club for supplying the refreshments and the volunteer coaches who coordinated the tournament.

summer. Here at the "Y" we have an excellent life guard clinic which will be starting Monday, March 19th, from 7:30-9:30 P.M. every Monday and Wednesday night.

This course includes Red Cross Life Saving, First Aid and Cardiopulmonary Resuscitation (CPR). At the end of this program you will receive your life guard certification and be on your way to a new and exciting job.

TINY TOTS

Another program for the little people will be starting March 26th, twice a week for 5 weeks.

It's really exciting to watch a young child learn to love the water and swim even before they can walk or talk. The earlier a mother or father can familiarize their child to the water they can show them confidence, self-esteem, survival and trust so they will have no fear of water. Also, the program is designed to teach the parent to teach the child.

This excellent program opens up a good Physical Education awareness for your child because swimming is one of the best exercises any person can do.

We have 2 different programs. The first is the Parent-Tot for 6 months to 3 years old where the parent goes in the pool with the child for 1/2 hour.

The second is the Instructor-Tot program which is for children 3-5 years. These classes are for 1 hour. The child can exercise in the gym for 1/2 hour before going into the pool for the second 1/2 hour. Swimming will be the Tadpole program to give the

student a basic understanding of swimming, floating, and water safety.

WHALE Auction

SET FOR MARCH 31

The third annual WHALE (Waterfront Historic Area League) auction is scheduled for Saturday, March 31, at the First Baptist Church on William Street in New Bedford. Bourne Brothers of the Bourne Gallery in Hyannis will be the auctioneers. Over the past two years, the event has raised over \$31,000 for various WHALE projects. A major fund-raising effort, the auction helps provide for operating expenses as well as for specific historic area restoration and revitalization.

With only two weeks before the Bourne Brothers put the first item on the block, auction committee members, led by Anne Brengle of South Dartmouth, are soliciting the donation of saleable items. Traditionally, the WHALE auction unearths some unusual treasures, and this year seems to be no exception. Already, WHALE has received old tools, vintage phonograph records, twenty-five New Bedford Cordage Company folded letters, circa 1849; a wood-burning stove, a cord of wood, and from the Nonquit summer house of General Sheridan, a collection of furniture including brass beds, a commode, and an invalid carrier.

Meanwhile, Tom Corey, acting Dean at Swain School, has donated the design of an auction poster which Reynolds-DeWalt, as their contribution to WHALE, has just printed. Auction committee members report that several copies of the full color poster, suitable for framing, will be sold at the March 31st, event.

WHALE was founded in 1962 and since then has focused on historic preservation in New Bedford. The non-profit organization has sought to revitalize the waterfront area, enhancing commercial viability without compromising architectural or historic values. In pursuit of these goals, WHALE has acquired, restored, maintained and sometimes even re-located threatened properties such as the Andrew Robeson house and, more recently, the Seth Russell house. The Seth Russell house was moved, on Christmas Eve, to the corner of Front and Union Streets to make room for the new library which the Whaling Museum plans to build later this year.

WHALE's most recent purchase is the large Queen Anne style house at 99 Madison Street, on the corner of Orchard. The

alternate Thursday afternoons at SMU.
The concert is free and open to the public.

This recital will offer area listeners the rare opportunity of hearing a performance which features the fortepiano. The replica which will be used in Thursday's presentation closely approximates the type of piano which was available in Mozart's time.

Both Mr. Stepner and Mr. Pearlman are active concert recitalists who are interested in presenting music utilizing the methods in which it would originally have been performed. Mr. Pearlman, who appeared at SMU last semester in a harpsichord program, studied with Gustav Leonhardt on a Fulbright Grant to the Netherlands and with Ralph Kirkpatrick at Yale University. As a harpsichord soloist, he has won prizes from the Cambridge Society for Early Music and at the 1974 Festival of Flanders harpsichord competition in Bruges, Belgium. His solo harpsichord recording, "Music of the Couperin Family", on Titanic Records, has been hailed by Hi-Fidelity Magazine as one of the best recordings reviewed and by the Boston Globe as one of the best recordings of 1977. In addition to his recital appearances, Mr. Pearlman teaches at the University of Massachusetts/ Boston. He is also founder and director of
